

## **Life Enhancement Services 2022 Strategic Objectives**

1. Continue to build on community relationships partnering with various schools and community organizations.
2. Adapt to the new normal while maintaining sufficient staffing levels at headquarters.
3. Increase Consumer feedback loop mechanisms.
4. Recruit, train, and establish self sufficient community support workers that will make a positive impact in the communities we serve.
5. Enhance the intake process working with the clinical and operations team to provide outstanding customer service.
6. Increase continuing education and licensing for the clinical staff.
